

## *ProSlit™*

### *Programmable Border Slitter*

The ProSlit from Gribetz International is the mattress industry's first programmable border slitter. This innovative system can automatically move its high speed cutting blades into various positions, eliminating the laborious process of manually re-setting each blade. Revolutionary developments on the ProSlit can open new opportunities for manufacturers desiring more value from their border operations.

*A great deal of value in every machine*

Specifications	ProSlit
Available Cutting Widths	90"/229 cm
Voltage	400V/3/50/60
Current (amps)	3 KVA
Air Pressure	90 psi/ 6.2 bar
Air Consumption	3 CFM
CE Approved	Yes
Weight	3,197 lbs/1,450 kgs
Height	94"/240 cm
Width	181"/459 cm
Length	51"/130 cm
Repeatability	+/- ¼"/6.4 mm

- 12 Programmable blades
- Change blade position with the touch of a button
- Blade position changes are faster and safer
- Develop pre-set blade positions
- Optional split blades for easier blade changes are available
- Meets CE Safety directives
- High Speed High torque electric motors

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading edge technology in computerized quilting machines and panel cutters; automated and conventional sewing machines; and mattress packaging equipment.
