

ROLL PACK MACHINE

TK 306 machine automatically presses and rolls mattresses of any kind (Bonnel, Pocket Spring, Foam, Latex) and size. Machine components: press, bobbin for plastic films, adjustable size (diameter) roll up unit

Adjustable diameter by computer – MIN cm 25 MAX cm 45

3 DIFFERENT OPERATION OPTIONS:

- No pre bagging mattress but only plastic film: for low spec. inexpensive mattresses
- Pre bag mattress: for most mattresses
- Pre bag mattress and plastic film: for expensive mattresses

Economies in storage and transport.

TK 306

TK 306 MACHINE FEATURES:

- Heavy duty 2,20 x 2,20 meter press- up to 35 metric tons;
- High strength roll up unit:
 - Hydraulic system adjusts roll size diameter,
 - Durable large diameter individual rollers and multi chain drive;
- Computerized Touch Screen Interface for diameter adjustment: Min 25 cms, Max 45 cms;
- Maximum mattress size – 210 x 210 cms;
- Yield: 25 – 30 seconds per mattress.

CE COMPLIANT

OPERATION OPTIONS:

1. No pre bagging mattress -for low spec inexpensive mattresses. Mattress is rolled up with plastic film; film in rolled mattress pack is then sealed
2. Pre bag mattress, bag longer than mattress-for most mattresses. Mattress is pressed, and bag sealed on open end. Mattress is rolled up in bag. Long bag end becomes a tab after roll up and is resealed.
3. Pre bag mattress, bag same length as mattress – for plush expensive mattresses. Mattress is pressed, and sealed on open end. Mattress is rolled up with plastic film; film in rolled mattress pack is then sealed. This system gives double protection, optionally allows unit to be opened initially (ie in a warehouse) but remain packed.

ROLL PACK DIAMETER EXAMPLES:

Mattress Type	Recommended Diameter
Foam – 25/30 density	25/28 cm
Bonnell	30 cm
Pocket Spring	34/35 cm
Latex	36/38 cm
Plush, American style	40/45 cm
(ie 30 cm high, with 15 cm visco)	(ie 30 cm high, with 15 cm visco)

TK 390 MACHINE FEATURES:

- Infeed conveyor;
- Folding device;
- Turn table to properly orient folded mattress for roll pack.
